**CHAPTER I**  
**GENERAL PROVISIONS**

**SECTION 1.1**            **TITLE**

These regulations and the accompanying map(s) shall be known as, and cited and referred to as, the “Northern Jefferson County Zoning Regulations” in accordance with and exercising the authority of Section 76-2-201, M.C.A.

**SECTION 1.2**                            **PURPOSE AND INTENT**

It is intended that these Zoning Regulations will comprise of a comprehensive Zoning Plan made up of ten (10) land use classifications in several zoning districts, each with distinct boundaries as defined in Exhibit “A” (amended map zone districts).

The purpose of the North Jefferson County zoning regulations is: to promote health, safety, and general welfare of the community; to protect property values; to protect and conserve natural resources; to provide adequate accommodations for transportation of people, goods, and emergency response services; to provide for the management of adequate light and air; to facilitate the provisions for public works and requirements such as schools, water, sewer, and environmental needs; to ensure orderly development according to the County Growth Policy; to regulate and restrict undue concentrations of population and overcrowding of the land; to determine and define the location and use of buildings, structures, and the appropriate uses of land for basic resource, residential, commercial, industrial, and/or other purposes; and to preserve the character and protect the aesthetic resources of Jefferson County.

If an application does not meet the listed criteria of a requested land use classification, but is consistent with the purposes of the proposed land use and is similar to the listed uses, then the Zoning Administrator may recommend a classification to the County Commission.

**SECTION 1.3**                            **SEVERABILITY**

If any provision of these regulations is held invalid, such invalidity shall not affect other provisions which can be given effect without the invalid provision; and to the end provisions of these regulations are declared to be severable.

## **SECTION 1.4 SCOPE**

It is not intended for these regulations to repeal, abrogate, annul, or in any way impair, or interfere with existing provisions of other laws, ordinances, or resolutions; except those specifically repealed by the adoption of the regulations, or with the restrictive covenants running with the land to which the Board of County Commissioners is a party. Where these regulations impose a greater restriction of land, buildings, or structures than is imposed or required by such existing provisions of law, ordinance, resolution, contract, or deed, the provisions of these regulations shall control.

These regulations may be applied throughout the County, regardless of planning jurisdictions; wherever a County zoning district is created.

## **SECTION 1.5 PERMIT REQUIRED**

### **1.5.1 Site Plan and Permit:**

A site plan and permit is required prior to any construction of the project.

Note: (See Appendix D).

The applicant shall provide (6) sets of a site plan for each project. Each site plan shall identify:

- a. Property boundaries and dimension
- b. Location of wells and septic systems
- c. Easements, covenants, or other restrictions on property
- d. Size, height and location of existing or proposed structures, and distances from structure(s) to the parcel boundaries
- e. Location of all utilities and vehicular access; including roads and driveways to property
- f. Other drawings, sketches or visual information you may wish to have the Board of County Commission consider in this request

### **1.5.2 Conditional Use Permit**

A Conditional Use Permit must be obtained before those uses specified as Conditional Uses within certain zoning classifications may be established. A Conditional Use Permit may be issued only when the proposed use will meet both the requirements of the particular classifications involved and the conditions specified for the use.

**CHAPTER II**  
**ADMINISTRATION**

**SECTION 2.1        ZONING ADMINISTRATOR**

There is hereby created the position of Zoning Administrator, who shall be duly appointed person charged with the administration, interpretation, and enforcement of these zoning regulations.

2.1.1    Duties of the Zoning Administrator

The Zoning Administrator, his/her assistant, or designee will:

1.     Enforce all provisions of these regulations
2.     Keep complete, accurate, and secure records
3.     Accept applications for conditional use permits or variances and ensure their appropriateness and completeness;
4.     Accept and remit fees as established in the adopted administrative procedures;
5.     Update these regulations and any associated map(s).
6.     Undertake any other administrative function appropriate to the Office of Zoning Administrator upon written approval of the Board of County Commissioners;
7.     Report to the Board of County Commissioners any recommendations for changes and improvement;
8.     Issue a permit granted by the Board of County Commissioners and make periodic inspections to verify that all conditions of such granted permits are complied with by the applicant or his/her agent;
9.     Receive and investigate allegations of non-compliance or violations of these regulations;
10.    Refer matters under appeal to the Board of County Commissioners;
11.    Make recommendations to the Planning Board or to the Board of County Commissioners regarding subdivision review, applications for the conditional use permits, variances, or appeals; and,
12.    Determine the location of any classification boundary shown on the zoning classifications which are a part of these regulations when the location is in doubt.

**SECTION 2.2        PROCEDURES FOR CONDITIONAL USE PERMITS**

2.2.1    Purpose: A Conditional Use Permit is to provide for specific uses, other than those specifically permitted in each classification, which may be appropriate in the classification under certain safeguards or conditions. The Conditional Use Permit is to provide a detailed and comprehensive review of the proposed use that potentially could have significant adverse impacts on the community.

2.2.2    No structure or land may be used for any purpose in any classification where the use is not permitted, unless the use is listed as a conditional use within that classification and the

approval for the use is obtained through these procedures.

2.2.3 All uses not specifically defined as Prohibited, Conditional, or Permitted uses in these regulations are considered to be Conditional Uses and require a Conditional Use Permit.

2.2.4 Conditional uses are listed as a part of the requirements for each classification in Chapter III.

#### 2.2.5 Reviewing and Issuing a Conditional Use Permit

1. The applicant must submit an accurate and complete written application to the Board of County Commissioners through the Zoning Administrator. All applications must be accompanied by plans drawn to approximate dimensions and shape of the lot to be built upon; the approximate sizes and locations on the lot of buildings already existing, if any; the location and dimension of the proposed buildings or alterations; and information which clearly state how the conditions for the use be met. The application must include any other information as may be required by the Zoning Administrator as may be necessary to determine conformance with, and provide for the enforcement of these regulations.
2. Notice and public hearings for Conditional Use Permits shall be in conformance with the requirements of Jefferson County.
3. Where the proposed conditional use is subject to review as a subdivision, the Planning Board shall hold public hearing(s).
4. Once granted, the Conditional Use Permit, will set forth the terms and conditions of the use and shall:
  - a. Run with the lot, building or structure, or use and shall not be affected by change of ownership.
  - b. Terminate one year from the date of authorization if the commencement of the authorized use has not begun unless the applicant can demonstrate a continuous good faith effort in commencing the use or the conditions of approval otherwise specify, and,
  - c. The document shall be recorded with the Clerk and Recorder.
5. If an application is denied, no re-submittal of an application for a conditional use permit may be made for one year from the date of the denial unless sufficient new evidence or conditions are offered to the Zoning Administrator. Resubmitted applications shall be treated as a new application.

2.1.2 All transmission lines must be reviewed as a conditional use

2.1.3 All wind generating towers and cell towers must be reviewed as a conditional use

### **SECTION 2.3 NON-CONFORMING USES**

2.3.1 The intent of this section is that non-conformities shall not be enlarged, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same classification. Such non-conforming status will run with the lot, building, structure or use and shall not be affected by change of ownership.

2.3.2 Any non-conforming use may be continued except if any such non-conforming use is abandoned or deserted, or voluntarily or by legal action caused to be discontinued for a period of 180 days, then any subsequent use of the lot, building, structure or land be required to be in conformity with the provision of the regulations.

2.3.3 Any building on which construction had begun prior to the adoption or amendment of these regulations, or creation of a zoning classification to which these regulations apply, is a non-conforming use and may be continued although such does not conform to these regulations.

2.3.4 Changes to non-conforming uses include:

1. A non-conforming building or structure may be enlarged, extended or reconstructed or structurally altered if said building or structure is changed to completely conform with these regulations;
2. A non-conforming use may be expanded, subject to a conditional use permit.
3. Use of legal, non-conforming Class B or Class C manufactured home on a zoning classification can be upgraded without being subject to a conditional use permit provided that the manufactured housing to be installed meets all criteria of these regulations

## **SECTION 2.4          VARIANCE**

2.4.1    Certain circumstances may exist or arise wherein an unnecessary hardship is created through strict adherence to the provision of these regulations. A variance from the provisions of these regulations may be granted so that the public welfare is secured. Hardship refers to circumstances peculiar to the particular property. Financial or economic difficulty or consequences of actions by the property owner are not “hardships” for zoning purposes.

### 2.4.2    Procedures for Variance

1.        Application and procedures for variance shall be in conformance with the requirements of the Board of County Commissioners.
2.        In approving a variance, the Board of County Commissioners may impose such conditions as are, in their judgment, necessary to promote the general provision of these regulations.
3.        A variance shall be valid indefinitely provided it is exercised within one year of the date of issuance.

## **SECTION 2.5          APPEALS**

2.5.1    Any person, unit of government or agency may file an appeal when aggrieved by a decision or interpretation by the Zoning Administrator, provided that the appeal is based on an allegation that:

1.        The Zoning Administrator made an error in the interpretation of these regulations;
2.        The erroneous interpretation specifically aggrieves the appellant.

### 2.5.2    Appeal Process

1.        Appeals to the Board of County Commission must be filed in the manner provided by the Zoning Administrator within 30 days of the decision or interpretation and after payment fees.
2.        Appeals of the Board of County Commission decision must be filed in the manner provided by 76-2-110 MCA.
3.        No part of any such fee shall be refundable.

## **SECTION 2.6            ZONING CLASSIFICATION AMENDMENTS**

Proposals to amend, supplement, modify or repeal any of the provisions or the classification boundaries established by these regulations, may be initiated by the Board of County Commissioners, the Planning Board, or any effected party or entity on a form provided by the Zoning Administrator. Upon receipt of any such application, the Jefferson County Planning Board shall make a written report of their recommendations to the Board of County Commissioners.

2.6.1    In addition to the amendment application, any proposed amendment to a zoning classification shall include a current map drawn to scale showing all parcels of land included in the application and the name of the owner of each parcel. A legal description of the property for which the application to amend a zoning classification is requested shall be included.

2.6.2    The Board of County Commissioners shall publish notice of the proposed change and set a time and place for public hearing in accordance with 76-2-205, MCA.

## **SECTION 2.7            FEES**

To cover the costs of reviewing applications, advertising, holding public hearings and providing notice or other expenses incidental to these regulations, the applicant shall pay a non-refundable fee at the time of the application. The fees, payable to the County Treasurer, per the current fee structure on file at the County Planning Office.

## **SECTION 2.8            ENFORCEMENT**

### **2.8.1    Penalty for Violation**

Violations of these regulations are a misdemeanor and shall be punishable under 76-2-211, MCA, by imprisonment in the County jail, not to exceed six (6) months and/or a fine not to exceed \$500.00.

### **2.8.2    Use of available Remedies Authorized**

In addition to other remedies, the County may institute any appropriate action to prevent unlawful construction, conversion or abate such violation in accordance with 76-2-210, MCA.

**CHAPTER III**  
**ESTABLISHMENT AND DEFINITION OF CLASSIFICATIONS**

**SECTION 3.1 USE CLASSIFICATIONS**

**CHAPTER IV**  
**SUPPLEMENTAL STANDARDS AND REGULATIONS**

Purpose: Supplementary classification regulations are intended to govern miscellaneous issues related to use or conditions that occur in more than one zoning classification

**4.1 FAMILY CONVEYANCE** Family Conveyances may be used in all land use classifications in accordance with 76-3-207(1)(b), MCA.

**4.2 MANUFACTURED HOMES** Where Manufactured Homes are permitted, they must be built to conform to the code issued by the federal Department of Housing and Urban Development and the federal Manufactured Home Construction and Safety Standards. The manufactured home must be located and installed on a permanent foundation with permanent utility connections and must comply with the same set-backs and other requirements that would apply to the site-built single-family dwelling on the same lot.

This section may be superseded by a conditional use permit for a manufactured home park when one is granted by the Board of County Commissioners under the provisions of these regulations.

**4.3 STANDARDS FOR HOME BASED BUSINESSES**

4.3.1 A home based business may be conducted as a secondary use where permitted, provided that:

1. The use of the dwelling for the home based business clearly must be incidental and subordinate to its use for residential purposes.
2. There may be no change in the outside appearance of the building or premises, other than one visible sign not exceeding 32 sq. ft. in area and non-illuminated.
3. Home based businesses may not generate excessive traffic.
4. No equipment shall be used in a home based business which creates noise, vibration, glare, fumes, odors, or electrical interference detectable by normal senses off the lot.
5. Any equipment or materials used in connection with a home based business shall be stored within an enclosed space outside of the structure.

## SECTION 4.4

## ACCESSORY STRUCTURE REGULATIONS

4.4.1 Accessory Uses: The uses of land, buildings, and other structures permitted in each of the classifications established by these zoning regulations are designated by lists of principle uses permitted. In addition to such principal uses, this section shall regulate uses customarily incidental to any principal uses in the classification. Each permitted accessory use shall:

1. Be customarily incidental to the principal use established on the same lot.
2. Be subordinate to and serve such principal use.
3. Be subordinate in area, extent, and purpose to such principal use.
4. Contribute to the comfort, convenience, or necessity of users of such principal use.

4.4.2 Accessory Use Restrictions for Residential Classifications. The following is a list of restrictions on accessory uses and structures:

1. Accessory buildings shall comply with the setback requirements of the zoning classification
2. Without a conditional use permit, an accessory building shall not exceed the footprint of the primary dwelling.
3. Accessory buildings shall not exceed the maximum height permitted for a principal building in other classifications.
4. Guest houses and caretaker facilities are subject to the same set back requirements as the primary structure.

4.4.3 Visibility at intersections

On a corner lot in any classification, for the distance of 40 ft. from the point of intersection along each street, nothing may be erected, placed or planted, or allowed to grow in a manner that would impede visibility entering the intersection.

4.4.4 Fences, Walls, and Hedges.

1. Open wire fences exceeding the designated height may be built around schools or other public or quasi-public institutions when necessary for the safety or restraint of the occupants.
2. Fences may, at the discretion of the Zoning Administrator, be built around tennis courts, swimming pools, and other recreational facilities, after considering safety, proposed location, and effect on the surrounding area.
3. Security fences are allowed in the side and rear yards up to eight (8) feet in height when used to enclose commercial storage areas.
4. Barbed wire and/or electrical fences may be used for confining livestock when parcels are two (2) acres or larger. Such fences shall be properly maintained to minimize injury to livestock or others.
5. Perimeter fencing cannot unreasonably restrict the natural movement of wildlife.
  - a. No solid board fencing is allowed on parcels two (2) acres or larger.
  - b. No chain link fencing with inserts.

- c. The bottom wire or board on perimeter fencing should be 18 inches aboveground.
6. Fencing should be of good quality material and construction and be well maintained to be an asset to the property.
7. Fencing for domestic pets need not adhere with the number 5 above.

#### **4.5 SIGNS SIGN STANDARD SCOPE:**

A preliminary description of all signage must accompany the conditional use permit application form. The description will include a picture of the sign, its location, and the name of the installer.

These standards are intended to provide for the proper erection, design, and placement of all signs and sign structures not located within a building. Design standards are established in order to achieve the proper relationship of signs to their environment, enhance the outward appearance of the community as a whole, and secure pedestrian and vehicular safety.

For an application, contact the Jefferson County Planner/Zoning Administrator. The fee to be included with the application will be according to the fee schedule. (see Exhibit B, Fee Schedule).

All non-conforming sign requests must go before the Jefferson County Commission for action. A Request for Board Action (See Exhibit C, form BOA-1) must be completed along with the required application fee. For an application, contact the Jefferson County Planners/Zoning Administrator.

##### **4.5.1 General Provisions**

Signs shall incorporate the following standards:

1. In computing the background area of signs in sq. ft., the standard mathematical formulas for known or common shapes shall be used. In the case of irregular shapes, straight lines shall be drawn closest to the extremities of the shape shall be used.
2. The supporting members of a roof sign or projecting sign shall appear to be free of any extra bracing angle iron, guy wires, cables, etc. The supports shall appear to be an architectural and integral part of the building. Support columns of round, square or shaped steel members may be erected if required bracing, visible to the public, is minimized and covered.
3. No roof sign shall exceed beyond 28 ft. or the highest point on the roof, measured from the ground floor level of the premises.
4. No free standing, ground or off-site sign shall exceed 28 ft. in height
5. Nothing in these standards shall be interpreted as prohibiting or excluding such signs as are required by law. This includes legal notices and advertisements prescribed by law or posted by any law officer or agent.
6. Any sign attached to an exterior window of a building, whether on the external or internal

side of the window, shall be regulated by these standards.

7. All signs shall be maintained by the owner and kept in good repair and shall be painted and repainted at reasonable intervals. The surface of the ground under and about any free-standing on or off premise sign shall be kept clear of weeds, rubbish and flammable waste materials.
8. Signs not in use by reason of change of occupancy or vacation of the building or use, shall be removed within sixty (60) days by the owner of the sign.
9. Illumination signs shall be illuminated in such a manner that the light therefrom shall shine only on the sign or property on which it is located and shall not shine onto any other property, in any direction, except by indirect reflection. All lighting shall be projected downward or at the sign. No lighting arrangement shall be permitted which, by reason of brilliance or reflected light, is a detriment to surrounding properties or prevents the reasonable enjoyment or residential uses. No blinking, flashing, or moving signs, nor any other type of sign that may adversely affect traffic safety and/or the general appearance of the area shall be permitted. Lighted signs within a building (window) are permitted, but cannot exceed 25% of the sq. footage of the exterior face of the building. Unlighted signs are not restricted.
10. No projecting sign, marquee sign or under marquee shall have vertical clearance of less than eight ft. (8')
11. Projecting signs shall not extend more than ten ft. (10') which distance shall be measured horizontally between the outer extremity of the sign and the wall or structure to which it is attached. Where projecting signs are permitted to extend over public property, the sign may not project beyond ten ft. (10'), or within two feet (2') of the curb line, whichever is less.
12. No sign shall project or extend into a public right-of-way unless provisions are herein made. A ten foot (10') set back from all road way easements are required.
13. Mobile signage will be temporary in nature and must be moved when not in use.
14. If a covenant is more restrictive and consideration for neighbors are encouraged when illuminating signs.
15. A sign that is on or off the premises and not attached to the building, the owner(s) shall contact the Montana Department of Transportation.

#### **4.5.2 ON-PREMISE SIGN STANDARDS:**

16. Residential
  - a. There shall be no signs allowed in the residential classification except real estate sales signs, political, or construction signs. These are temporary in nature and must be removed within (30) days after the completion of the project.
  - b. For home based business signs refer to Section 4.3.1.2
  - c. No residential classification sign shall exceed (32) total, aggregate square feet.
17. Commercial
  - a. Commercial classification on-premise signs whether attached to or detached from a building shall not exceed total, aggregate background area of 100 sq. ft.
  - b. Taking into consideration the above square feet for the commercial classification, the sign cannot cover more than 25% of the square footage of the face of the building.
18. Industrial
  - a. On-premise signs in the industrial classification whether attached to or detached from a building shall not exceed total, aggregate background area of 520 sq. ft.
  - b. Signs attached to buildings in the industrial classification shall not exceed 100 total, aggregated sq. ft.
  - c. Taking into consideration the above sq. ft. for the industrial classification, the sign cannot cover more than 25% of the square footage of the face of the building.
19. Mixed uses:
  - a. The less restrictive sign requirements of the mixed use zoning classification shall apply.

#### **4.5.3 OFF PREMISE SIGNS:**

1. Off-premise signs shall be limited to directional signs, and no sign shall exceed 16 sq. ft. in total background area, and there shall not be more than four such signs for any single business, commercial or other use. If the location of an off premise sign lies within an area that is 660 ft. from the center line of a primary highway or an interstate highway, the Montana Department of Transportation 18.6.201 Administrative Rules of Montana will be used as sign standards.

## 4.6 YARD, STREET AND SECURITY LIGHTING

The intent of this section is the enhancement of the visual integrity of the natural environs of the community area, particularly pertaining to the unwarranted and/or unwanted intrusion of artificial lighting in areas not desiring such light which detracts from the beauty and naturalness or the hours of normal darkness.

1. All yard lighting shall be hooded, screened or directed in a manner such that the light source or the diffuser emitting the light shall be deleterious to the adjoining property owners or occupants.
2. Any light provided to illuminate any public or private parking area or vehicle sales area shall be arranged to reflect the light away from any abutting or adjacent residential use.
3. Any non-conforming lighting situation shall be brought into compliance within 60 days after official notice by the Zoning Administrator.

## 4.7 PARKING

The purpose of off-street parking is to provide convenient and safe access to property, reduce the need for on street parking and thus congestion on streets, alleviate hazards associated with access to traffic generating business and industrial uses, provide adequate and safe parking for residents and business customers, protect residential uses from the undesirable effects of abutting traffic and maintain the traffic carrying capacity of the road system. Parking requirements do not apply to the Basic Resource Classification.

### 4.7.1 Parking Design:

1. An off street space shall be at least 9 ft. in width and 18 ft. long.
2. Off street parking areas must be accessible from a public street.
3. The access to an off street parking area must be at least 24 ft. wide or 12 wide (where one-way drives are used).
4. Off street parking spaces serving high density residential uses must be located on the same lot as the dwelling and may not be located in any front yard except in the driveway
5. Off street parking areas serving commercial, industrial, public or institutional uses must be located within 500 ft. of the use, and may not be located in front yards.
6. Off street parking serving multi-family residential developments of more than 10 units, commercial and industrial uses must comply with the following provisions:
  - a. Off street parking areas shall be graded and any needed swales, culverts or their drainage facilities installed to remove surface run-off in a matter that does not adversely affect adjacent properties, streets or surface waters.
  - b. Off street parking areas containing twenty or more spaces shall be surfaced with asphalt, or other hard surfaces.
  - c. Where off street parking area abuts a residential use, the parking area shall

be effectively screened at the property lines, by an acceptably designed wall, fence or planting screen.

- d. No lighting used to illuminate a parking area shall face, or have its light source directly visible from any residential use.
7. The number of parking spaces required:
    - a. Residential single family: 2 per dwelling unit
    - b. Multiple family: 1.5 per dwelling unit
    - c. Rooming houses, boarding houses: 1 per room for rent
    - d. Commercial: 2 per 1000 sq. ft. of gross floor area, unless otherwise specified by the Zoning Administrator
    - e. Industrial: 2 per 1000 sq. ft. of gross floor area unless, otherwise specified by the Zoning Administrator
  8. The applicant for a proposed use may apply to the Board of County Commissioners for joint use of street parking of another use.
  9. All non-residential uses shall comply with the ADA requirements for handicapped parking.

#### **4.8 NOISE**

Applicants for a Conditional Use Permit or Variance shall describe methods for noise abatement that may periodically generate noise that may directly affect others.

#### **4.9 LANDSCAPING PLAN**

A preliminary plan is required for Commercial and Industrial uses. The plan shall be submitted to the Zoning Administrator and/or County Planner prior to the beginning of construction for approval.
